## a little about the history of shillinglaw...

Shillinglaw embodies the spirit of Eltham; built by pioneers, saved by locals.

One of the oldest buildings (cira 1859) in the Eltham district, built for the Shillinglaw family, Shillinglaw cottage has seen many uses over the years. A very important local landmark once marked for demolition, Shillinglaw was saved by the Eltham community in the 1960's. Shillinglaw is now a family owned and operated cafe/restaurant focusing on locally sourced produce, great coffee, delicious chef-made food and a relaxed family friendly garden environment.
